TO THE AFFLICTED

DR. DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr. D has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M. D. He has been upwards of 40 years in practice. The Diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye. This is an advantage that Dr. D has above all other practitioners, and which will necessarily do away the necessity of a long and unpleasant explanation on the part of the patient, of the disease with which they are afflicted. The age and length of time the patient has been suffering is all he Dr will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr. D has been very successful in the treatment of Colds, Coughs, Consumptions and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism, Piles, Dyspepsia, all diseases of the Eye and Ear, diseases of the Blood, Pulpitation of the Heart, Gout, Salt Rheum, Cancers, cutaneous diseases and all affections of the kidneys and bladder, the dolorous, Hernia, Abdominal Weakness, Inebriate Intemperance, Stammering. Dr. D warrants a cure of any of the above diseases, if applied to in season.

He would respectfully inform the Ladies that he will attend to their diseases and complaints from 8 to 12 A.M. and from 2 to 5 P.M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications (post paid) with a fee enclosed will be strictly attended to.

Remember the numbers—55 Union Street.

DR. WARREN'S Sarsaparilla Tomato and Wild Cherry PHYSICAL BITTERS,

At 50 Cents per Bottle!

SARSAPARILLA, Tomato and Wild Cherry Bitters have now become a standard medicine, and universally appreciated by physicians as a safe, speedy and efficient remedy for Scrofula, Mercurial and Cutaneous Diseases, Jaundice, Indigestion, Dyspepsia, Bilious Fevers, Sour Stomach, Costiveness, Dysentery, Humors, Eruptions on the Face or Body, Cancerous Sores, King's Evil, Chronic Catarrh, Lumbago, Debility, Humors, Tetters, Salt Rheum, Scald Head, and all other diseases of the Skin, Blood or Stomach, which arise from the use of Mercury, or from an impure taint in the blood, no matter how contracted.

The ingredients here presented, and after diligent experiment, the celebrated Dr. Warren has chosen as the most efficient remedies for the cure of the above diseases, are entirely vegetable, and have been found, upon thorough investigation, to be the most powerful, yet safest remedies ever offered to the public. The Sarsaparilla root is justly celebrated for its purifying qualities, and when combined with the Tomato and Wild Cherry Bitters, are truly unrivalled.

NEW AND Important Discovery

GRAY HAIR can be restored to its original color without Auburn Brown or Black. Sandy, Light or Red Hair can be matched with any darker shade, surpassing in beauty over the most natural locks, retaining the gloss and softness of the original Hair, by using C. Keller's

Permanent Liquid Hair Dye,

Of a preparation, which is entirely different from all other preparations of Hair Dye now before the public. It is free from all injurious properties, which can be detected in using a lock of its finest and most delicate Hair. An infant need color it with the Dye which will not impair or stain any article in the slightest degree, which is the best evidence that can be given that it is free from all injurious properties. On the contrary it improves the luster and gloss of the Hair, promotes its growth, and prevents it from falling out and unites other preparations (after the Hair is colored a month) will not crock, fade, or wash off.

In fact, from its perfect delicacy, softness, and easy application, it is worthy the attention of all who wish to improve the color of the Hair, as it will make the shade, from a white to a jet black. It is now in use on the most delicate textures, by persons who have been entirely turned gray, and others whose Hair is naturally turned gray, and others whose Hair is of a desirable color which they restore or exchange for a beautiful Auburn Brown or Black, with but one additional preparation in the slightest trouble.

Dillow's Celebrated HEAVE CURE!!!

Which has been in use with such astonishing effect in France and England for the last twenty years, is now in this country for the last two years performing the most wonderful cures ever recorded in this Country. More than

20,000 cases of Heaves,
250,000 cases of Chronic Coughs and Colds,
10,000 cases of Catarrh and Nasal Gleet,
1500 cases of Affection of Bronchial Tubes and Glands,
500 cases of Thick and Broken Wind, and
800 cases of Spasmodic Asthma of the lungs

have been cured by this extraordinary remedy, after all other means of relief had been tried in vain.

The following is one of the hundreds of certificates in our possession proving its universal efficacy.

NEW SCOTLAND ALBANY CO. N. Y.
February 25th 1846.

Messrs. Ford & Chase, Gentlemen—I have sold a number of your Agents Dillow's Heave Cure, and have never known it to fail in a single instance when used according to the directions. I have had a horse of my own which was troubled with the Heaves for a number of years, and after trying many remedies without effect, I purchased three bottles of your Agent, which entirely relieved him, and he has been perfectly sound ever since. I have had the same success in every case where I have used it.

UNIVERSAL CONDITION MEDICINE!

Read the testimony of an eminent Boston Farrier.

Boston, January 9th 1848.

Messrs. Ford & Grant, Gentlemen—At the request of your Agents here, I send you a few opinions of the celebrated Dillow's Heave Cure. As a farrier of the first class, I can say with truth, that I have used a variety of remedies for the Heaves, and also for Coughs and Colds, but never found any that would relieve the animal so effectually as Dillow's Heave Cure. I have used it in my own stable, and also in the stables of my friends, and I can recommend it to the public as the best article for the Heaves, Coughs and Colds that I have ever used. Your Pleurisy Powder and Physic Ball I found infallible in the Pleurisy and Mange. I can recommend them to the public as the best articles I have ever used. Your Physic Ball is a vegetable preparation, and by its operation on the animal system in the same manner that Dillow's Heave Cure does, and I can safely say that Dillow's Heave Cure and Sarsaparilla Tonic restore the animal system to a healthy condition. Your Condition Powders are the best I have ever used. I have used them in my own stable, and also in the stables of my friends, and I can safely say that they are the best article for the purpose of any I have ever used. I have used them in my own stable, and also in the stables of my friends, and I can safely say that they are the best article for the purpose of any I have ever used.

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles whose names are the principal ingredients of this medicine. With these virtues of vegetable origin are combined, designed to render the whole more active and consequently more immediately effective.

The Dock, or rather a species of it, now ranks as a medicine of the first order in one of the most valuable kingdom. With the addition of the other articles which the proprietor has discovered in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the virtues of the mucilaginous, considerable length of time.

For many years the proprietor has used in his practice the efficacy of the present combination of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to the compound. Recently he discovered that the addition of Cherry Pectoral and Dillow's Blue Pills to the Extract of Sarsaparilla and Dock, would influence the blood in a more powerful manner than either of the articles separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract must to be reduced in any least liable to decomposition is prepared by subjecting the root to the action of the menstrua usually employed in extracting its virtues for a long time without heating or any other to destroying agent. None is permitted to be used in the compound that has not been obtained by this process and that has been less than a year in preparation.

The Compound is recommended for Scrofulas Erupelas. Uncleans all cases, Eruptions and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature intemperance, exposures to extremes of heat and cold, overtaking the physical powers and mental abuses of the constitution among which are Neuralgia, Piles Affection of the Liver, Bilious Complaints and Dyspepsia or Indigestion.

In diseases of warm climates with which the proprietor is become familiar in his practice in Havana some years since, the compound will prove particularly efficacious, both as a remedy and preventative.

This medicine has been for some time in use in this city, while in the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be an favorably known by his medical brethren in general, to whom he is known.

Prepared only by Dr Stephen Cummings and sold at wholesale and retail by Joshua Burgess & Co No 143 Middle street and Edward Mason No 153 Middle street—only agents for Portland.

The Great Remedy for Gonorrhœa

GLEET, Stricture and all analogous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr. Douglass is well known having practiced in the principal cities in the Union during the last 30 years. His only reason for introducing the Paste in his public manner, is the discouragement that there are thousands of individuals complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr. D most solemnly affirms that during his practice of 30 years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged, entirely cured.

If the unfortunate, instead of dragging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at the present time.

If in case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS at his Office No 55 Union street, Boston at $5 per box. Office hours from 8 A.M. to 8 P.M.

WHIG NOMINATIONS.

FOR PRESIDENT
ZACHARY TAYLOR.

FOR VICE PRESIDENT
MILLARD FILLMORE.

"For my part, in the dark and troubled night that is upon us, I see no star above the horizon promising light to give us, but the intelligent, patriotic, united Whig Party of the United States."

DANIEL WEBSTER

Taylor's Prospects

The vote on this State gives conclusive evidence that there is a strong current among the people in favor of Gen Taylor. It was not supposed that the State election would be carried especially upon this issue, and therefore very many who openly express themselves as decidedly favorable to the election of Gen Taylor voted for the regular party ticket. But the result will be different. Wake up the Democracy a little, give a very handsome majority for Gen Taylor and the Whig vote and the Whig knowledge of many democrats to vote for Taylor as a choice between him and Cass will give Maine a majority for Taylor of not less than 10,000.

The prospect of Taylor carrying New York is universally claimed by all his friends there and conceded by many of the Cass and the Van Buren party.

The following upon this subject we copy from the Lowell Courier.—One of the Van Burenmen, of the old school, from New York, and a well informed man too, says there is no chance for Cass or Van Buren in that State and it seems sure for Taylor and Fillmore as that they will live. Another very prominent Cass man there informed a friend here recently, that there was no chance for Cass nor did they calculate upon it as carrying the State but he said they would take the ground that Van Buren should not get it at all events. The simple truth of this whole matter is that it is a Kilkenny cat fight between the Cass and Van Buren factions, in which each is eager to have Taylor elected, in order to make sure the defeat of the opposite side of their own cronies. That is just the whole story. So the few simple Whigs may be drawn off by over confidence; but the great body will stand firm and carry old Zack straight through to the Presidency.

Of Ohio the editor of the Scioto Gazette, living in the very heart of the State expresses the fullest confidence in that State being carried for Taylor. He says the undercurrent and swell of popularity passes all by Old Zack in that State, which is so often seen to make party limits—that from the hour the Philadelphia nominations were announced the country by telegraph he has scarcely conceived it possible that Ohio could cast her vote for any other than the Whig nominees. He says the editor understood & appreciated by these very generous people as they stand as the incorruptible patriot running for the office of President. He is the only Republican in the field and not to sustain him would be a voluntary blow at well established principles, would play into the hands of the conservative Whig Seids and strike a death blow to their own cherished interests.

He says he has a letter from one of the most intelligent and cool headed Whigs of the Western Reserve which assures him that the disaffection in Ohio and particularly in the Reserve has been much overrated. The State he declares safe for Taylor and Fillmore.

☞ A correspondent of the Boston Bee thus speaks of the address of Rev Mr Fiske, of Bath delivered before the Athenæan Society of Bowdoin College, at the late commencement:—Mr Fiske was one of our Bangor boys and the subject is therefore of local as well as of general interest. The writer says —

"The Rev gentleman selected for his theme the Perfect Scholar, and treated it in a manly sensible manner. His views were those of a man who has seen practical knowledge of the world. He examined the traits and characteristics of a man of preparation—and in an address pointed out his duties in the affairs of life. Professional, political and literary progress. Pointing out the scholar for the future, what his duties, something more than mere classical study was demanded. He must study men and things, as he finds the great school of the world—not a word he must be a practical man. In these days of subtle sentiment, fanciful literature, it does us good to hear such sentiments uttered by a speaker who is no indifferent scholar himself, and the tendency of whose profession is to sweet isolation, and to a communing with books, rather than with men. I can only wish that more of our scholars entertained similar views with Mr Fiske."

☞ The Argus claims the election of Gerry to Congress in the 1st District, and Hall in the Cumberland District.

It also claims the election of Gov Dana, but in this it is greatly out of the way.

☞ It is quite certain now that Dana, the Locofoco candidate for Governor, is defeated by a large vote. This is but the pioneer for November, the first gun from the Taylor army.

Cattle Show and Fair

The Penobscot Agricultural Society will hold their grand annual Cattle Show and Fair at Levant village on Wednesday the 27th day of September inst.

There is to be connected with this fair an exhibition of the productions of the Farm, of household manufactures, of the mill, the factory, the shop the tan yard, and the forge. It is expected there will be a show of the agricultural strength and the manufacturing skill of the good county of Penobscot, and every one who can contribute to this result should make an effort to do so.

It is not merely to be an exhibition of the strange and the rare—the monstrous and the unique, but a full, fair, general exhibition of what is produced by the sober every day efforts of the people in their various useful pursuits, or in their partial experiments. This should be borne in mind and every Farmer and every family and every master mechanic and every head of a factory or mill in the country should furnish some specimen of production in their general departments. If this is attended to, there will be a great collection and a show of Penobscot wealth—producing power and skill worthy the attention of the whole people of the county.

There has never yet been a full and fair show of the agricultural and manufacturing power of the county at any Cattle Shows of this Society, and we cannot expect it this year, but we do expect this will be the largest and the best that has ever been offered.

We have had some little experience in shows of this kind and without claiming to any great wisdom in the matter, we will venture to suggest for the consideration of our agricultural friends particularly those living within eight or ten miles of Levant village one way in which they can give interest and value to the show.

Let them each farmer, who takes an interest in the matter, and all farmers should do so take his hay cart and place on it specimens of his crops, corn, grain potatoes turnips, &c—of animals, of his poultry and of such things as will give a good idea of what he is doing upon his farm. He should place upon the cart his best agricultural implements, also specimens of the dairy and the household arts, finish up his best steers and take the whole to the fair. What a grand show a mile of carts, displaying the implements and products of farms, would make.

The mechanics millmen and manufacturers should do the same. Every shop load upon the team of specimens of the every day substantial and useful productions and offer the same for exhibition.

The manufacturers of our city, and our small towns straw braiders, cap and stock makers should each and all be represented in articles of their works.

Should it be known that the fair would in this or some similar way give a picture of the industrial energies of the county it would be attended by all classes and professions. The body of the county would be assembled and be one interested in the show and have an opportunity to listen to the addresses which will be delivered and enjoy a fine interchange of social feeling.

Concert this Evening

The numerous and high wrought compliments of the press in all the cities where Signora Biscaccianti has given her charming concerts, were realized at Market Hall, last evening.

☞ On account of the ill health of Signora Biscaccianti the concert intended to be given on this evening will be omitted.

Gen Taylor's Slaves.

We have recently been shown a letter, says the Cleveland Herald written by a member of Gen Taylor's family on which the well makes the following important statement of facts.

"On the old Gen Taylor also inherited slaves which he preferred to keep and take care of and his love for said slaves is like it is true he has some instances purchased slaves who happened to be connected in marriage with some of his servants and at their own solicitation, saying in some instances an enormous amount of gratify and make happy their master's people.

How gloriously does this statement or *facts* contrast with the foul libel that he had sent ten thousand dollars to purchase slaves.

☞ The vote of Bath for member of Congress is highly gratifying. It appears that Mr Goode now the Whig candidate received 504 and McCrate 162. This is a net gain of over 300 votes in a district where only about 600 pluralities are to be overcome. Well done city of Bath. In Woolwich, Goodenow received 68 and McCrate 1.

☞ The Montreal Courier states that the potato rot is making extensive ravages in most of the counties of that region and predicts that there will be a necessary scarcity there the coming winter.

☞ The first autumnal frost in this vicinity was experienced on Tuesday night. It hit the vines bad we but no injury was experienced by the corn or flowers.

☞ Major General Scott has been ordered to the command of the Eastern Division headquarters at New York. Major General Gaines to Baltimore, and Major General Wool to Albany.

☞ Thanks to Hodgman & Co's Express and also to Capt Jewett, and the gentlemanly clerk of the Governor Mr Crockett, for papers received on yesterday in advance of the mail.

☞ Thanks to Jerome & Co's Express, for papers received on yesterday, in advance of the mail.

"Politics make strange Bedfellows."

The Albany Journal has a remark on the present and just relation of some of our politicians, that is sufficiently odd, as marking the revolution which a little time effects to find a place among our political items.

"The fortunes of De Witt Clinton were blasted by Mr Van Buren, yet long before the turf was green over the remains of that great statesman his silent son was among the followers of him by whom the father had been overthrown and destroyed!

Mr Van Buren was the leader of a party which prosecuted the administration of John Quincy Adams. And yet the warming voice of the "old man eloquent" is scarcely hushed in the grave before his "son and heir" is a delegate to a Van Buren convention, and mentally links his fortune to that of his father's most bitter enemy!"

Vermont Election.

The returns from 228 towns indicate no election of State officers by the people. The Whigs have a large plurality, and the Free Soil party come next. Two Whig Representatives to Congress are elected in the 1st and 3d districts. In the other districts, no choice. In the Senate the Whigs will have from 15 to 20 majority.—To the House of Representatives 109 Whigs, 63 Van Buren men and 38 Cass men have been elected. Ten towns remain to be heard from.

The Expedition against Mexico—All Doubts Removed

We warned our readers a few days ago, that there was a scheme on foot to raise and organize an armed force in the United States for the violent and forcible conquest of some of the northern provinces of Mexico. Since that time we have conversed with a gentleman of unimpeachable character, who had command of one of the United States steamers for the transportation of soldiers, arms, munitions &c from New Orleans to Tampico and Vera Cruz during the war, and who says that to his own personal knowledge, there is no doubt of the existence of such a plot. He was at Tampico frequently, where the movement was openly canvassed—knew of the meetings on the subject, and says that those who were engaged in it would have made that city the place of rendezvous without coming back to their homes, but for the fact that the government ordered our troops to be marched back and disbanded at certain points within the United States. Corpus Christi is now fixed upon as the point of meeting and a large number of wagons mules &c, are being bought up and collected at that place.

But the most astonishing thing connected with this monstrous plot to rob Mexico of her most fertile and valuable lands is the fact that the Administration had been informed of it. Our informant says that Col De Russy of the Louisiana regiment who had been asked to become the leader of the movement told him that he knew Mr Buchanan was apprized of it more than three months since! If he was informed of it, of which there is no doubt he certainly communicated it to the President, as he was bound to do, being a member of his cabinet.

In the Austin Democrat of the 16th ult, we find the following paragraph, which may be interesting to the "Hunters."

We learn by a gentleman recently from the Rio Grande that there is a general revolutionary movement going on in the eastern part of Mexico. In the several towns, parties are forming under different pretexts but the real object of which is to ascertain the public strength of the opposition to the Central Government. The leading men are arousing the lower classes against the existing government and citizens of the United States are busily at work among them. The priest and alcade of San Fernando and most of the leading characters of that district have openly declared for the Constitution of 1824. A public ball was recently given to the Americans in that neighborhood who are treated with much respect by the citizens. They express great anxiety for Capt Veatch's company to remain west of the Rio Grande.—New Orleans Picayune, Sept. 1.

☞ The New York Express, in the following remarks has well expressed the views of many Whigs.

"The more we have investigated the opinions and principles of Gen Taylor, the more we have found them to be in harmony with the Whig party—and though he would not be an ultra Whig President he would realize the last and dying words of the lamented Harrison, and "CARRY OUT THE TRUE PRINCIPLES OF GOVERNMENT." Like Henry Clay himself, he would rather be right than be President, and to be right he has declared that though a Whig in principle, and if elected, he will be the President of the whole American People."

Infamous Fraud!

It is only necessary to call attention to the article below. Not a word more is necessary, with any honest man.

Iowa—Another Shameful Outrage.—The election of two Locofocos to Congress in Iowa has been announced. There is no dispute as to the election of one of them, Mr Leffler. The other one, Mr Thompson, it is alledged is returned elected by *fraud*, Daniel F Miller, Whig having a majority of the votes. The county of Muscatine, which gave him a majority of 493 and elected him, was returned as having given him only 23 majority. In this way, Thompson Locofoco was returned as elected.

The story is briefly this.—In July last, two election precincts in Muscatine county were established by Locofoco commissioners and care taken to have all as might suit the Whig end. They take advantage as the votes expected to be Locofoco. Sympathies of a determination not the Whig ticket appeared among the returns of the new precincts. A contest ensued and a high feeling rose. The Secretary of State proposed that Miller would not get his certificate of Congress and they succeeded in obtaining a pledge from the Clerk to carry out their plans. The next day the judges of one of the new precincts brought in the returns but the Clerk refused to receive them.—Subsequently the judge again brought in the poll books and left them with the Clerk telling him that he had now performed his duty. The Clerk began to waver a little and the cabal became suspicious that he would finally act in conformity with his oath and count the votes. In a short time the poll books were missing. It was rumored they were stolen. The board met in secret to canvass the votes and when the doors were unlocked, the result in the county was declared without any note whatever having taken of the vote of the precinct said to have been stolen. The law makes it the duty of the judge of the election to return the poll books and of the clerk to open them and abstract the votes only in the presence of justices. This he neglected to do, and he has thus defrauded the electors. We shall see if the people will submit to this nefarious fraud!

The French Colonies.

We have advices from Martinique to the 23d ult. The town of St Pierre has been again the scene of tumultuous assemblages and riotous proceedings, in which the late emancipated people were the chief actors.

On the night of the 21st the town was besieged by a band of ruffians running to and fro uttering the most frightful menaces against the more peaceable citizens under the Liberte Egalite, Fraternite that a reaction of May 22d was momentarily expected. Such extremity was however averted by the authorities.

Numbers were arrested, and amongst the implements of war found in the possession of the insurgents, were ropes twisted into a slipping noose, intended to be used after the fashion of the cord, in capturing and strangling their victims. The Courrier de la Martinique, in reference to the disturbances, says, we have not been able to gather anything positive as to the immediate cause of the rising, nor have we any indication of its object. From the same paper we take the following. "We fear that the worst is yet to come, and that until the white slaves, now emigrating in great numbers, shall have almost entirely left the political arena to their long enthralled brethren of the darker hue—peradventure until a second Hayti be raised in Martinique—the true bearing of these unhappy proceedings will not have been correctly understood. Unless France should, in a good time, learn to save herself by the establishment of a sound constitutional government, in place of the cut throat system now prevailing there, there will be little hope for her colonies."

☞ Gov Seward has taken the stump for Taylor and Fillmore. He made a speech in Jefferson County on the 1st instant.

☞ In the Dist of we must give it up that Stetson, Loco is elected to Congress.

☞ The Eclipse of the Moon came off on Tuesday night agreeably to appointment.

☞ Our late intelligence from the "Canvet District" gives us strong hope that McCrate, the Loco candidate, is defeated, and Goodenow, the Whig candidate, is elected.

Dr. Beecher's Bitters.

THIS new and much adopted beverage is luxury to the palate, and a cordial to the constitution It refines the mind and invigorates the body This extraordinary compound which has cost the study of years in a chemical laboratory, combines all the virtues of the Matchless Samaritan Swan Tarracca and Evans Sublime Preparations of Chamomile Flowers It will supercede the use of the Tuscan Cordial which merely restores the vital powers while this will enlarge and increase their force and activity It will entirely supplant the use of Animal Magnetism and Phrenology and will without the fraud fully develope the faculties and secrets of the human mind In short it takes a sufficient quantities these Bitters will never fail to allay pain whatever created and will be a balm to all sufferers the labors of the Statesman Lawyer Poet and Lover

Boston & Maine Rail Road.

The New, Splendid and Fast Steamer

STATE OF MAINE,

CAPT. S. H HOWES,

Will leave Brown's Wharf, Portland every **Monday, Wednesday and Friday,** at 6 o'clock P M, touching at all the usual landings on the Kennebec River, connecting with the Cars for Boston the same afternoon.

Returning—leaves Portland for Bangor same evenings on the arrival of the Express train from Boston, touching as above.

This new and splendid steamer was built the past winter at New York expressly for an outside sea route—is owned by the people on the Penobscot—has spacious cabin and deck accommodations, combining all the comfort requisite on board a boat in the United States. She has a strong engine of 1170 tons, by which water can be conducted to any part of the boat in three minutes. She likewise is provided with 5 first class boats, each of sufficient strength to accommodate 50 people each. A Quarter Boat at the will carry — each — Other safety arrangements we leave to the traveling public. The fine colors with which the steamboats are painted surpass, and dismal rivals in the Union.

For the accommodation of merchants, a Freight Train will run every Monday, Wednesday and Friday by the Rail Road from Boston to meet the steamer State of Maine at Portland same evenings. Freight taken through at the usual rates.

J. TINKHAM, for Lowell will notify the Agent of Maine at Portland the time of the arrival of the Express train from Boston, each evening, so that freight may be forwarded to Bangor in season for the morning cars.

Fare in Cabin, $1.00

Deck passage, 50 cts.

Children and servants half price.

Meals extra.

Freight taken as low as by other conveyances.

Certificate from Col Tate editor of the Columbia Democrat Pa

OFFICE OF THE COLUMBIA DEMOCRAT
Bloomsburg Columbia Co Pa
March 4 1848

Dr William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence I have seldom resorted to the Pill box. Last March when you commenced advertising in my paper I was induced to give your Indian Vegetable Pills a trial and after having fairly tested their merits for myself and family, gave them a decided preference over every other preparation.

In every instance when afflicted with sick headache or when the stream of life was encumbered with morbid humors I found speedy relief from the use of your Pills. By taking from four to six on going to bed when indisposed, I have always been restored to health without loss of time and without the expense of a physician. Wright's Indian Vegetable Pills possess the strength and merit of operating efficiently without disturbing the rest of the system in general derangement of the health they are restored.—Price 25 cents a box.

Yours respectfully,
FREDERICK T STORER M D

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Pilgrim.]

While we regard the quackery, we are always pleased to give information which may benefit the afflicted. A few years ago a Dr Buchan of Norway, Me., came to Portland and in a comfortable health, whom we did not expect to see again on earth. We received a letter a few weeks since, from another brother resident in the house will form a by that he was confined to his bed a considerable time, probably contracted a short time. Judge then of our surprise when we saw him on our return. He has enough remaining as it would be, until that he should have, paid he has had further use for acquiring strength of lungs. He is in comfortable health. The following letter which he addressed to the general Boston Agent for which he obtained a recommendation, will show what medicine has been the instrument of the good work.

Boston, Feb 16, 1847

Dr D Y Beal Bro—Sir—I cannot refrain from saying a word to you to recommend Dr Buchan's Hungarian Balsam of Life. Those in and in all sections of the country are in comfortable health, whom we did not expect to see again on earth. We received a letter a few weeks since, from another brother resident in the house will form a by that he was confined to his bed a considerable time, probably contracted a short time. Judge then of our surprise when we saw him on our return. He has enough remaining as it would be, until that he should have, paid he has had further use for acquiring strength of lungs. He is
